MMM...

Interested in giving a class? We are looking for someone to teach how to use a smart phone -just the basics and to use the phone's camera better. A cooking demonstration? A book group? A sewing club? A meeting? A movie? It can be private or open to the public. Small meeting space at home? Have your guests/family/friends over here for your party. It's your community center, let's have some fun and make use of it! If the use is open to the public and free, your rent is usually free. If it's a private party/meeting it's \$25/hr.

Anyone miss Autumn? Since I'm short on time and the temperatures have dropped, I'm in winter mode. It's hard to believe it really is almost December, once again. I hope everyone has a special Thanksgiving and can review what you are thankful for, especially for being in this beautiful location. We lost quite a character that lived his last 30+ years here, Paul Bianco. He loved living here. There will be a memorial for him probably June 4th on his birthday. Location to be determined. He was a regular here at the center for books, DVDs and conversation. He is missed...

Happy holidays everyone! Stay warm & comfy! 🌿/MCRC
